Pages with violations 5
Violated rules (total) 24

By impact

Critical **11**

Serious **13**

Moderate **0**

Minor **0**

Unrated **0**

Breached clauses

WCAG 2.1 success criteria [1.1.1](#) [1.4.3](#) [2.4.4](#) [3.1.1](#) [4.1.2](#)

EN 301 549 clauses [9.1.1.1](#) [9.1.4.3](#) [9.2.4.4](#) [9.3.1.1](#) [9.4.1.2](#)

§ 4 BFG presumes conformity for content that meets the relevant harmonised standard — for the web, EN 301 549, whose Chapter 9 references WCAG 2.1 level A/AA. The clauses above are the corresponding citations. This is not legal advice.

Findings by page

<https://www.w3.org/WAI/demos/bad/before/home.html>

color-contrast Impact: serious

Elements must meet minimum color contrast ratio thresholds

WCAG SC 1.4.3

EN 301 549 9.1.4.3

How to fix <https://dequeuniversity.com/rules/axe/4.13/color-contrast?application=playwright>

Affected elements 2

```
<b>Free Penguins</b>
```

Fix any of the following:

Element has insufficient color contrast of 3.88 (foreground color: #41545d, background color: #a9b8bf, font size: 9.8pt (13px), font weight: bold). Expected contrast ratio of 4.5:1

```
<b>More City Parks</b>
```

Fix any of the following:

Element has insufficient color contrast of 3.88 (foreground color: #41545d, background color: #a9b8bf, font size: 9.8pt (13px), font weight: bold). Expected contrast ratio of 4.5:1

html-has-lang Impact: serious

<html> element must have a lang attribute

WCAG SC 3.1.1

EN 301 549 9.3.1.1

How to fix <https://dequeuniversity.com/rules/axe/4.13/html-has-lang?application=playwright>

Affected elements 1

```
<html>
```

Fix any of the following:

The <html> element does not have a lang attribute

image-alt Impact: critical

Images must have alternative text

WCAG SC 1.1.1

EN 301 549 9.1.1.1

How to fix <https://dequeuniversity.com/rules/axe/4.13/image-alt?application=playwright>

Affected elements 33

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

link-name Impact: serious

Links must have discernible text

WCAG SC 2.4.4, 4.1.2

EN 301 549 9.2.4.4, 9.4.1.2

How to fix <https://dequeuniversity.com/rules/axe/4.13/link-name?application=playwright>

Affected elements 7

```
<a href="javascript:location.href='home.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='news.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='tickets.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='survey.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="news.html" onfocus="blur();">  
</a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="news.html" onfocus="blur();">
</a>
```

Fix all of the following:

- Element is in tab order and does not have accessible text

Fix any of the following:

- Element does not have text that is visible to screen readers

- aria-label attribute does not exist or is empty

- aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

- Element has no title attribute

```
<a href="news.html" onfocus="blur();">
</a>
```

Fix all of the following:

- Element is in tab order and does not have accessible text

Fix any of the following:

- Element does not have text that is visible to screen readers

- aria-label attribute does not exist or is empty

- aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

- Element has no title attribute

select-name Impact: critical

Select element must have an accessible name

WCAG SC 4.1.2

EN 301 549 9.4.1.2

How to fix <https://dequeuniversity.com/rules/axe/4.13/select-name?application=playwright>

Affected elements 1

```
<select onchange="location.href = this.value;">
```

Fix any of the following:

Element does not have an implicit (wrapped) <label>

Element does not have an explicit <label>

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

Needs review

axe could not decide these automatically. They are not counted as violations.

color-contrast Impact: serious

Elements must meet minimum color contrast ratio thresholds

WCAG SC 1.4.3

EN 301 549 9.1.4.3

How to fix <https://dequeuniversity.com/rules/axe/4.13/color-contrast?application=playwright>

Affected elements 2

```
<a class="page current"><span class="hidden">Inaccessible </span>Home  
Page</a>
```

Fix any of the following:

Element's background color could not be determined due to a background image

```
<a href="./annotated/home.html" class="annotoggle">Show <br>Annotations</a>
```

Fix any of the following:

Element's background color could not be determined due to a background image

<https://www.w3.org/WAI/demos/bad/before/news.html>

html-has-lang Impact: serious

<html> element must have a lang attribute

WCAG SC 3.1.1

EN 301 549 9.3.1.1

How to fix <https://dequeuniversity.com/rules/axe/4.13/html-has-lang?application=playwright>

Affected elements 1

```
<html>
```

Fix any of the following:

The <html> element does not have a lang attribute

image-alt Impact: critical

Images must have alternative text

WCAG SC 1.1.1

EN 301 549 9.1.1.1

How to fix <https://dequeuniversity.com/rules/axe/4.13/image-alt?application=playwright>

Affected elements 39

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

Element does not have an alt attribute

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

- Element does not have an alt attribute

- aria-label attribute does not exist or is empty

- aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

- Element has no title attribute

- Element's default semantics were not overridden with role="none" or role="presentation"

```

```

Fix any of the following:

- Element does not have an alt attribute

- aria-label attribute does not exist or is empty

- aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

- Element has no title attribute

- Element's default semantics were not overridden with role="none" or role="presentation"

Element does not have an explicit <label>

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element has no placeholder attribute

Element's default semantics were not overridden with role="none" or role="presentation"

link-name Impact: serious

Links must have discernible text

WCAG SC 2.4.4, 4.1.2

EN 301 549 9.2.4.4, 9.4.1.2

How to fix <https://dequeuniversity.com/rules/axe/4.13/link-name?application=playwright>

Affected elements 4

```
<a href="javascript:location.href='home.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='news.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='tickets.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

```
<a href="javascript:location.href='survey.html';" onfocus="blur();"></a>
```

Fix all of the following:

Element is in tab order and does not have accessible text

Fix any of the following:

Element does not have text that is visible to screen readers

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

select-name Impact: critical

Select element must have an accessible name

WCAG SC 4.1.2

EN 301 549 9.4.1.2

How to fix <https://dequeuniversity.com/rules/axe/4.13/select-name?application=playwright>

Affected elements 2

```
<select onchange="location.href = this.value;">
```

Fix any of the following:

Element does not have an implicit (wrapped) <label>

Element does not have an explicit <label>

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

```
<select name="cc">
```

Fix any of the following:

Element does not have an implicit (wrapped) <label>

Element does not have an explicit <label>

aria-label attribute does not exist or is empty

aria-labelledby attribute does not exist, references elements that do not exist or references elements that are empty

Element has no title attribute

Element's default semantics were not overridden with role="none" or role="presentation"

Needs review

axe could not decide these automatically. They are not counted as violations.

color-contrast Impact: serious

Elements must meet minimum color contrast ratio thresholds
